

## **Note to Parents and Teachers;**

Please restrict your involvement in this important project to giving guidance to your children and students. Leave the actual design and construction of the model bridge to them.

1. The Model Bridges shall be constructed only of wooden popsicle sticks and white craft glue. The use of any other material will result in disqualification.
2. Before beginning, ensure that the design of the model bridges will comply with the Weight and Dimensions rules.
3. Have fun!
