*Northwest Territories and Nunavut  
Association of Professional Engineers and Geoscientists*

---

## MEDIA ADVISORY

For Immediate Release

**February 1, 2021 – Yellowknife, NT** – The Northwest Territories and Nunavut Association of Professional Engineers and Geoscientists (NAPEG) is pleased to announce the appointment of Vince McCormick as Executive Director/Registrar, effective Monday, February 1, 2021.

Mr. McCormick brings many years of progressive leadership experience, including finance, policy development and implementation of legislative initiatives in the Northwest Territories and Nunavut. He is a team player and has a strong commitment to the importance of professional standards to protect the interests of the Northern public.

Mr. McCormick replaces Linda Golding, FEC/FGC (Hon.) who is retiring after 20 years with the regulator. Her dedication to the regulator has been much appreciated by Council, volunteers, support staff and those, both territorial and nationally, that have worked with her over the years.

NAPEG President Justin Hazenberg, P.Eng., says: “NAPEG looks forward to the skills and experience that Mr. McCormick will bring to the association. We would also like to extend thanks to outgoing Executive Director/Registrar Ms. Golding for her years of dedicated service and continued assistance during this transition.”

### **About NAPEG**

NAPEG is the *Northwest Territories (NT) and Nunavut (NU) Association of Professional Engineers and Geoscientists*. NAPEG regulates and licenses engineers and geoscientists who practice their profession in the NT/NU, and for projects within the NT/NU. Legislation is set out in the Acts that govern NAPEG to protect and serve the interests of the Northern Public. NAPEG has been regulating engineers and geoscientists in the NT/NU since 1979.
