Policy

The NAPEG Reinstatement Policy, as follows, provides a clear, fair and consistent guideline for reinstatement and provides assistance to the Membership and Enforcement Committee and Executive Director/Registrar in making recommendation to Council.

- a. A request for reinstatement must be accompanied by a completed and signed application form, current resume, valid government issued photo identification, and the application fee, if circumstance require payment of the application fee (as below).
- b. Staff will confirm standing of the applicant in other Canadian jurisdictions based on where the applicant is/has been licensed to practice. The applicant identifies other jurisdictions on the application form.
- c. The application fee will be waived if the registrant resigned in good standing within the previous two years (24 months). If it has been more than two years, the applicant must include the application fee with the request outlined in (a).
- d. The application fee will not be waived if the registrant was struck from the register.
- e. If an applicant has a restriction on their practice in another jurisdiction, NAPEG will enforce that restriction until the registrant can show that the matter is resolved, and the other jurisdiction confirms.
- f. An applicant for reinstatement who has not been registered in a Canadian jurisdiction at any time in the previous five years (60 months) may have their file forwarded to the Board of Examiners and, when forwarded, the applicant will have their qualifications examined by the Board of Examiners and may be assigned examinations.

Rationale for the Policy: Clarification of issues dealing with fees to be paid and application procedures for registrants who seek to be reinstated as registrants of NAPEG.
